## EDUCATION

### UNIVERSITY OF IDAHO

Masters of Architecture

05/2024

- Rome, Italy: Fall of 2022, with a focused study of historic architecture, human scale design, architectural theory, and architectural graphics.
- Idaho Design-Build: designed and subsequently remodeled the Moscow, Idaho Chamber of Commerce and Visitor Center.
- Graduate project: the integration of locally historic indigenous passive design and how to integrate it into modern-day architecture.

### UNIVERSITY OF IDAHO

Bachelors of Science in Architecture

05/2022

- Environmental Control System (ECS): the techniques of both active and passive design.
- Idaho Design-Build (2 projects):
- Rudabaugh Art Galleries design and rebuild
- Neuman Forest Environmental Learning Pavilion in Troy, Idaho design and construction.

## VOLUNTEER WORK

### Disaster Response

Cedar Mountain Fire Department

Cedar Mountain, NC

09/26/2024 - 10/9/2024

After Hurricane Helene, I provided critical support in several areas, including facilitating communication efforts, offering technical assistance, and helping with tree clearing operations to ensure safe access and recovery.

## SKILLS

### Computer:

Revit, Sketchup, Lumion, Enscape, ProCreate, Adobe Suite, Microsoft Office.

### Physical:

Drawing, several painting mediums, welding, blacksmithing, precious metals smithing, pottery, woodcut, sewing.

## EXPERIENCE

### Neuman Forest Environmental Learning Pavilions

Troy Idaho

01/2021 - 07/2021

Contributed to the Idaho Design-Build team in creating the Neuman Forest Environmental Learning Pavilions in Troy, Idaho, providing a community learning space, rest area for hikers, and outdoor bio lab for the local K-12 school. Gained experience in concept development, client meetings, code analysis, site development, and project construction/completion.

### Moscow Chamber of Commerce

Moscow Idaho

01/2023 - 07/2023

Contributed to the Idaho Design-Build team for the renovation of the Moscow Chamber of Commerce and Visitor Center, focusing on sustainable design and preserving local history. Gained experience in concept development, client meetings, documentation, code and site analysis, demolition, and remodel, including the creation of a mortar-less compressed earth block wall system.

### Rifle Range Coordinator

YMCA Of Greenville | Greenville, SC

06/2021 - 08/2021

Managed and operated the rifle range, providing safety training and instruction on weapon operation, shooting positions, and tactics for campers ages 8-15. Performed range maintenance and improvements to ensure a safe, engaging experience.

### Chair Lift Operator

Alyeska Resort | Girdwood, AK

06/2019 - 08/2019

Conducted safety inspections and operated the ski lift, supervising personnel during bike and passenger loading/unloading. Facilitated safety checks and resolved guest issues efficiently through coordination and problem-solving.
